

REMARKS

Claims 1-2 have been allowed and claim 3 was cancelled, all by Examiner's Amendment, as set forth in the Notice of Allowability. However, the Examiner's Amendment appears to contain a typographical error, in that the Examiner's Amendment refers to claim 5, instead of claim 1. The present Amendment is being submitted to ensure that the record is clear as to which claim the Examiner has amended.

DRAWINGS

Applicants hereby attach corrected drawings responsive to the Office Action of May 22, 2006. In the "Replacement Sheet(s)" Applicants have added the legend "Prior Art" to Figures 4A – 5B.

RESPONSE TO EXAMINER'S AMENDMENT

The Examiner's Amendment appears to have a typographical error, in that it purports to amend a non-existent Claim 5. Applicants believe that the Examiner meant to have made this change to Claim 1, therefore Applicants hereby submit this amendment to Claim 1, simply to clarify the record. Applicants agree that the change made to Claim 1 in no way affects the scope of the claimed invention and is made merely to correct the grammar. Applicants respectfully submit that the change has already been examined and approved by the Examiner and are applying it to the correct claim, therefore Claims 1 and 2 should remain allowed.

CONCLUSION

Prompt and favorable consideration of this amendment is respectfully requested.

If the Examiner believes that personal communication will expedite prosecution of this application, the Examiner is invited to telephone the undersigned at (248) 641-1600.

Respectfully submitted,

Dated: Sept 13, 2006
